

Dear parent/guardian,

Seville Primary School is looking forward to another great year of teaching and learning and would like to advise you of Seville Primary School's voluntary financial contributions for 2023.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support, whether that's through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

After a successful start to our Sustainability program this year, we have added Sustainability to the Curriculum Contributions. This contribution will enable us to continue expanding our garden and cooking program and actively build sustainability into the fabric of everyday school and community life.

Last year's IT Voluntary Contributions assisted our school in purchasing a new fleet of Chromebook devices with the latest interactive technology for our students. Further contributions from families will result in more new devices being purchased to replace older devices, which will support our school in keeping a 1 to 2 ratio for devices as we grow our student population.
